Re: Plano ILA/Dublin Rd. Repairs

Public Works requests Commissioners Court consideration and approval to authorize an Inter-Local Agreement with the City of Plano to facilitate road repairs to Dublin Rd.

Research conducted by Public Works staff revealed the dual responsibility condition of a small segment of the road following a citizen request for service. Collin County and the City of Plano share responsibility for the 1,049' segment which is encompassed in the project area.

Because the southern portion of Dublin Rd. is deteriorating, City and County officials have proposed improvements to 3,000' of Dublin extending from Parker city limits south to FM 544. A private contractor will perform the repairs since County R&B assets are committed through the remainder of FY15.

The estimated project cost of \$190,000 will be divided as shown below:

<u>Agency</u>	<u>Ownership</u>	<u>Share of Project Cost</u>
Plano	50%	\$95,000
Murphy	32%	\$60,800
Collin Co.	18%	\$34,200

Plano will coordinate all communications and business transactions with the contractor. In addition, Plano has declared their intention to assume Murphy's portion and will pay the amount of \$155,800 upon completion. Should the project cost exceed \$190,000, Plano and the County will share responsibility calculated at the aforementioned percentages. Funds are available to finance the repairs through Public Works Maintenance Account 75-32.

If you have any questions, please do not hesitate to contact me and I will respond accordingly.
