To: Collin County Health Care Board of Trustees
From: Candy Blair, Administrator, Health Care Services
Subject: Renewal Memorandum of Understanding for Indigent Healthcare Solutions (IHS) Billing and Client Management System

Attached is the renewal MOU for Indigent Healthcare Solutions. There are not any changes including pricing. This renewal agreement was included in the 2016 Budget under account line item number 040-6001-720-75-03

Indigent Healthcare Solutions (IHS) provides specialized software solutions for Texas indigent health care offices, hospital districts and public hospitals. The cost-effectiveness, accuracy, and efficiency gained from using the IHS system has allowed us to pay all of our claims including jail claims at the appropriate reduced rates allowable and has eliminated duplicate payments.

In addition to billing, we use the IHS system as a client management system. The IHS system is also able to run a Medicaid Power Search on active clients which allow us to be the payor of last resort.

I respectfully request that that Indigent Healthcare Solutions Memorandum of Understanding be renewed.
