Re: Adopt A Road Program – CR 206

Public Works has received a request from Howard Smith (Chambersville United Methodist Church) to participate in the Adopt a Road Program by adopting CR 206.

The Adopt a Road Program was implemented on March 17, 2007 to establish a partnership between volunteer groups and Public Works to clean up and control litter along neighborhood roads.

In recognition and according to the program, Public Works will be placing two signs along the adopted roadway (map attached hereto). The Chambersville United Methodist Church has requested signs read, "This Road Adopted by the Chambersville UMC".

Public Works has received the signed paperwork and Hold Harmless Agreement and General Release.

Public Works will monitor the participation of the program to ensure all criteria are being addressed.

Should you require additional information, please contact me and I will respond accordingly.
