Re: Grant Application Request

The Juvenile Probation Department is seeking to apply for a grant from the Governor's Criminal Justice Division to provide community-based mental health support services. Funding will be used to provide psychiatric services by a licensed clinician, coupled with mentor support to promote community-based treatment compliance and reduce police intervention that is often a direct byproduct of mental health needs for probationers in the community. The grant request is for \$92,250.00 with no county match.
