Re: Mental Health Services Contract

The Juvenile Probation Department has executed a contract with Sundown Ranch, Inc., a licensed residential treatment facility to provide residential services for juvenile offenders with specialized substance abuse and concurring mental health needs exceeding the level of care necessary for safe, community-based intervention, and needs that exceed what can be provided within our own post-adjudication program. These services will be paid for with existing state funding allocated for mental health services.

Respectfully,

H. Lynn Hadnot, Director
