**Re:** EQUIPMENT FOR NEW AUXILIARY COURTROOM

The new Auxiliary Court has been furnished with A/V equipment and is ready for utilization by the Courts. This courtroom will particularly be needed during the Audio Upgrade of courtrooms beginning June 20, 2016, running through the end of October. A Judge Edition machine currently in service for testing will be moved to the new Auxiliary Courtroom, but an additional Tyler Technologies license will be required in addition to a desktop computer and a phone. Approximate total cost of this request is \$6,663 to be divided equally between the District and Court Court-at-Law Technology Funds. The balance in those two funds at the present time is approximately \$330,000.
