Re: FYI – CSCD Partnership Agreement

Since its inception in 2008, the CSCD Probationer Labor program has proven extremely beneficial to Public Works and the community at large. Particularly noteworthy is the program's effect of allowing R&B staff previously occupied with illegal dumpsite cleanup to resume their core maintenance functions. In addition to removing litter and cleaning illegal dumpsites along county roads, the probationers also assist with various other activities such as fabricate signs/barricades, wash vehicles, and clean around the Service Center.

Recently, CSCD requested the endorsement of the Program Coordinators with the four participating County departments to reflect their active engagement in the program. The Community Service Restitution Program Participating Agency Agreement delineates the provisions and responsibilities of both entities and identifies the appropriate contact personnel.

Public Works requests the consideration and approval of Commissioners Court to affirm this agreement with the Community Supervision and Corrections Department.
