Re: City of Lavon EDC Gateway Monument

The City of Lavon Economic Development Corporation approached Public Works to request approval for construction of a city monument. The proposed monument would be situated at the northeast corner of State Highway 205 and County Road 483. The engineer's drawings describe the reinforced concrete monument as 13' wide by 6' tall with a southwestern orientation facing northbound SH 205 traffic. The site is approximately 40 ft. north of the CR 483 paved edge and 25 ft. east of the SH 205 paved shoulder edge on level ground behind the TxDOT shoulder and backslope.

Since the proposed monument would partially be located in TxDOT Right-of-Way, the Lavon EDC also contacted their offices to obtain permission. TxDOT officials indicated their consent is partially contingent upon Collin County's prior approval. In the event Commissioners Court approves the EDC request, PW will facilitate a "hold harmless" agreement through attorney Greg Hudson.
