Background on Item

The orders give authority to the County Judge or, in his absence or unavailability on the day of pricing, the County Administrator to complete the sale of the Bonds if certain parameters have been met. The orders are substantially the same as previous “parameter” orders approved by the Commissioners Court. The authorization to approve bonds under the parameter orders expires 60 days after the date the Court approves the orders (see Section 7.01(b) of the orders). Sixty days is consistent with the length of authorization used in the County’s 2015 Bond Orders. If a longer (or shorter) period is desired the order can revised accordingly.
