Melissa,

Yes there is a significant length of fence. I would like to change the style but I will get an estimate for a direct replacement and pass it on to you.

Do we know how many feet of trees and fence will be removed from the north side of 526?

Mr. Gigliotti,

Yes, the County replaces all fencing that is removed with same type of fence. If you would rather get compensation for the fence, please let us know as soon as possible and we can put it on Court to issue you a check. I can get you the estimate if you would like to review that.

Thank you,
Melissa

Melissa,

In addition to the tree cutting, will the county reinstall my fencing? Or can you get some bids and allow me to install it myself?

We have over 3000 feet along 526

Let me know who to contact. the fencing has been removed in numerous places so the Phone lines could be installed.

Thanks

Lou gigliotti
