Re: Tyler Technologies Contract Amendment

Information Technology is requesting approval of a contract amendment to the existing Tyler Technologies software contract. In April, 2012, Commissioner's Court approved the eCitations project where Collin County entered into a contract with Brazos Technology. In May, 2015, Tyler Technologies acquired Brazos Technology. During a review by Tyler Technologies of our Brazos contract, Tyler recommended an adjustment to our contract that would result in lower licensing costs for Brazos software maintenance. This contract amendment will result in a software maintenance cost reduction in the amount of \$1,500.00. Collin County agrees with this change and recommends amending the current Tyler Technologies contract to reflect the reduction.
