Re: GTL Technologies Contract Amendment

Information Technology is requesting approval of a contract amendment to the existing Global Tel*Link (GTL) Video Visitation contract. In December, 2014, Commissioner's Court approved the Jail Video Visitation Replacement project. Information Technology and Sheriff's Office/Jail are seeking to remove the Attorney/Inmate visitation portion of the contract since the solution provided did not meet Collin County's expectation of providing a high quality product for the attorneys and inmates to use.

Collin County will now seek a viable replacement for the Attorney/Inmate video visitation solution. Information Technology and Sheriff's Office/Jail recommends amending the current Global Tel*Link (GTL) Technologies contract to reflect the reduction.
