CAMP

The Speedway Children's Charities Alpine Tower

The What

- The Alpine Tower is a stand alone activity that allows up to 8 participants to be involved at a time.
- The different routes up the structure are varying in difficulty.
- The contractor is working with YMCA staff to create a new design that incorporates shade.
- There will be a “lift assist” route so that children with limited abilities will be able to reach the top.
- The area around the tower will be wheelchair accessible and have benches with shade.

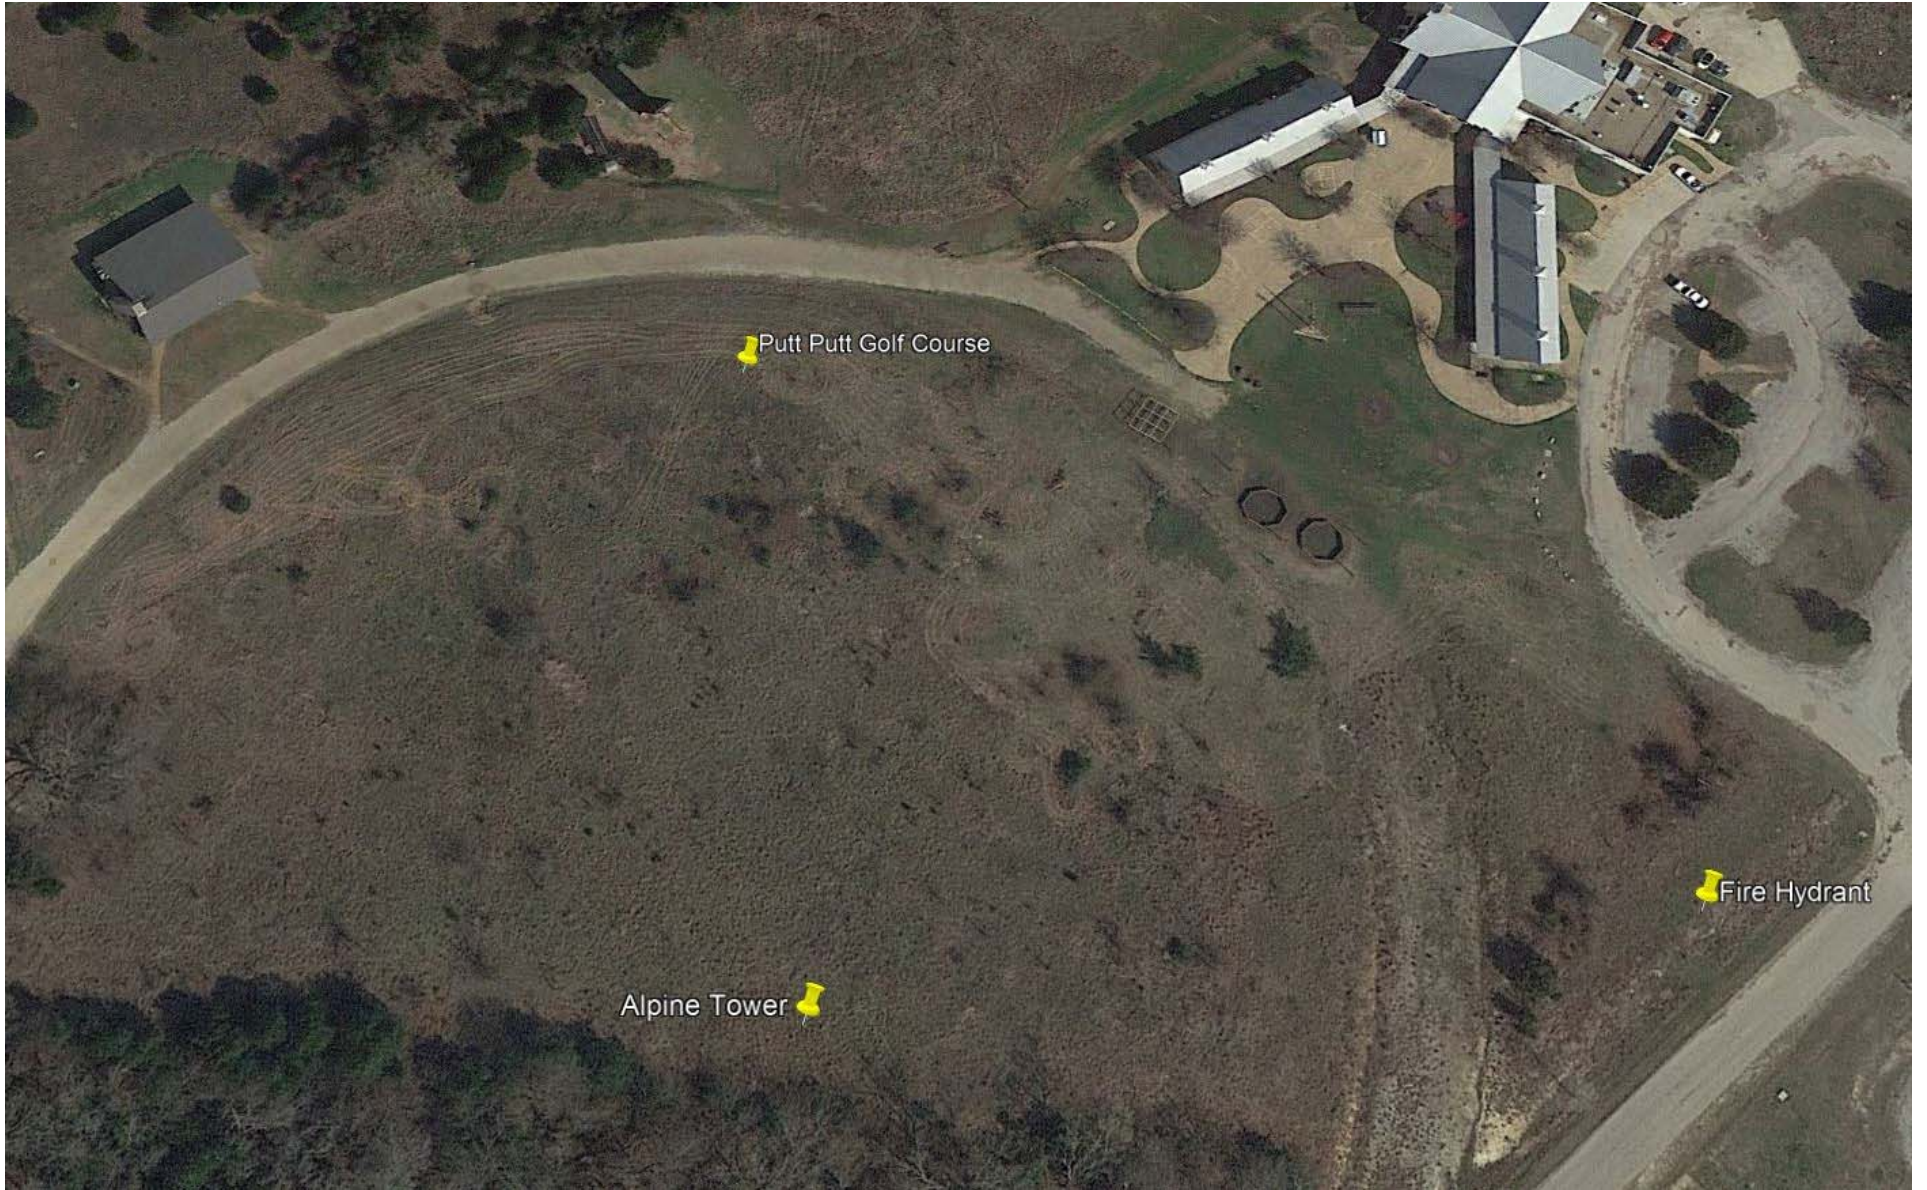

The Why

- We are currently working with several special need groups.
 - Camp iHope
 - Kamp Kaleidoscope
 - Camp Brave Heart
 - The Shelton School
- The current challenge by choice activities are not accessible to all.
- Shade structures will help protect children with sun sensitivity concerns.
- The location and visibility of the tower will make it the center piece of our programs.
