***RE: Collin County RCSJ 0047-04-026, CCSJ 0047-04-022; SH 5 from SH 121  
to CR 375; Request for TxDOT Right of Way Participation Assistance***

Dear Tracy,

Please see the attached request from the Texas Department of Transportation to provide the local share of right of way participation for Melissa's portion of the State Highway 5 improvements (RCSJ 0047-04-026, CCSJ 0047-04-022).

The City of Melissa is requesting assistance from the County to fund the \$1,113,093.40 cost associated with the right of way acquisitions from TxDOT for the project. State Highway 5 is an important thoroughfare for more than just Melissa, and the participation level is greater than the City can fund.

Please let me know if you have any questions concerning the City's request. We appreciate your assistance and commitment to help our community grow. We look forward to a favorable decision by the Court to help with the critical roadway expansion.

Sincerely,

Mayor Reed Greer
