The Collin County Information Technology department requests approval for award of the Contract for Wireless, Voice and Data Services to AT&T Corp per DIR contract DIR-TSO-3420. The award of this request will be a continuation of existing services already utilized.

On September 19, 2017 Governor Abbott announced that Texas will partner with FirstNet and AT&T. FirstNet is a wireless broadband network for the state's public safety community. FirstNet services are available under DIR-TSO-3420.

This contract covers cell phones and mifi devices.

The funds will come out of account code 001-0629-414.80-15.
