AGREEMENT TO CONTRIBUTE FUNDS - LOCAL GOVERNMENT

County: Collin
District: Dallas

Federal Project No:
Highway: SH 78

ROW CSJ No: 0281-01-031

This Agreement by and between the State of Texas, acting by and through the Texas Department of Transportation, hereinafter called the **State**, and Collin County, acting by and through its duly authorized officials pursuant to an Ordinance or Order dated the _____ day of _____, hereinafter called the **Local Government**, shall be effective on the date of approval and execution by and on behalf of the **State**.

WHEREAS, the **State** and the **Local Government** hereby agree to enter into a contractual agreement to acquire right of way and adjust utilities for a highway project on Highway No. SH 78 with the following project limits:
From: Business SH 78

To: FM 6; and

WHEREAS, the **Local Government** requests that the **State** assume responsibility for acquisition of all necessary right of way and adjustment of utilities for said highway project; and

WHEREAS, the **Local Government** desires to voluntarily contribute to the **State** funding participation as defined in 43 TAC, §15.55 for the cost of acquiring said right of way and relocating or adjusting utilities for the proper improvement of the State Highway System;

NOW, THEREFORE, in consideration of the foregoing premises and the mutual benefits to be derived therefrom, the **Local Government** shall contribute to the **State** an amount equal to ten percent (10%) of the cost of the right of way to be acquired by the **State** and shall transmit to the **State** with the return of this agreement, duly executed by the **Local Government**, a warrant or check in the amount of thirty nine thousand five hundred Dollars (\$ 39,500), which represents ten percent (10%) of three hundred ninety five thousand Dollars (\$ 395,000), the estimated total cost of the right of way. If however, it is found that this amount is insufficient to pay the **Local Government's** obligation, then the **Local Government** will within thirty (30) days after receipt of a written request from the **State** for additional funds, transmit to the **State** such supplemental amount as is requested. The cost of providing such right of way acquired by the **State** shall mean the total value of compensation paid, either through negotiations or eminent domain proceedings, to the owners for their property interests, plus costs related to the relocation, removal or adjustment of eligible utilities.

Whenever funds are paid by the **Local Government** to the **State** under this agreement, the **Local Government** shall remit a warrant or check made payable to the "Texas Department of Transportation Trust Fund." The warrant or check shall be deposited by the **State** in an escrow account to be managed by the **State**. Funds in the escrow account may only be applied to this highway project. Upon completion of the highway project and in the event the total amount as paid by the **Local Government** is more than ten percent (10%) of the actual cost of the right of way, any excess amount will be returned to the **Local Government** by the **State**, or upon written request of the **Local Government**, the excess amount may be applied to other **State** highway projects in which the **Local Government** is participating.

In the event any existing, future, or proposed **Local Government** ordinance, commissioners court order, rule, policy, or other directive, including, but not limited to, outdoor advertising or storm water drainage facility

requirements, is more restrictive than **State** or federal regulations, or any other locally proposed change, including, but not limited to, plats or re-plats, results in any increased costs to the **State**, then the **Local Government** will pay one hundred percent (100%) of all such increased costs, even if the applicable county qualifies as an economically disadvantaged county. The amount of the increased costs associated with the existing, future, or proposed **Local Government** ordinance, commissioners court order, rule, policy, or other directive will be determined by the **State** at its sole discretion.

The **Local Government** shall maintain all books, papers, accounting records and other documentation relating to costs incurred under this agreement and shall make such materials available to the **State** and, if federally funded, the Federal Highway Administration (FHWA) or their duly authorized representatives for review and inspection at its office during the contract period and for four (4) years from the date of completion of work defined under this agreement or until any impending litigation, or claims are resolved. Additionally, the **State** and FHWA and their duly authorized representatives shall have access to all the governmental records that are directly applicable to this agreement for the purpose of making audits, examinations, excerpts, and transcriptions. The **State** auditor may conduct an audit or investigation of any entity receiving funds from the **State** directly under this agreement or indirectly through a subcontract under this agreement. Acceptance of funds directly under this agreement or indirectly through a subcontract under this agreement acts as acceptance of the authority of the **State** auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.
