Re: CR 581 / CR 579 Visibility Issue

Public Works requests Commissioners' Court consideration and approval to trim and remove brush and tree limbs on private property at the northwest corner of CR 581 and CR 579.

Public Works staff was recently notified of a potential safety hazard at the intersection of CR 581 and CR 579 where shrubbery growth now partially obscures visibility for motorists. The property owner was contacted by Public Works and has consented to allowing Public Works crews on his property for the purpose of clearing the obstruction to restore line of sight visibility for approaching traffic.

Should you require additional information, please contact me and I will respond accordingly.
