

To Commissioners Court,

I the owner of lot #1, #2, and #3 in the Hollander Addition would like to use the 40ft of ROW north of my land to place a private driveway. I understand that this driveway, while on public ROW, would be a private driveway and would not be maintained by Collin County. I do understand that any lots touching this ROW (my driveway) could use my driveway (ROW) to access their land.

I will maintain the ROW as a private drive keeping trees trimmed and grounds cut. The driveway will be built with flex base 6+ inches deep.
