RE: ILA with the City of Anna

Collin County intends to use one of the City of Anna's water towers as an antenna site for the new Public Safety Radio System. The City has requested that Collin County cover the cost for their Engineering firm to review the County's plan of mounting the antennas and microwaves.

The cost for this review is \$2,500. Funds are available in the P25 Radio Project to cover this cost. Attached is the ILA that covers the terms of this payment.
