Re: CR 583 / CR 579 Visibility Issue

Public Works requests Commissioners Court's consideration and approval to trim and remove brush and tree limbs on private property at the southeast corner of CR 583 and CR 579.

PW staff was notified of a potential safety hazard at the intersection of CR 583 and CR 579 where shrubbery growth now partially obscures visibility for motorists. The property owner was contacted by Public Works and has consented to allowing PW crews on her property for the purpose of clearing the obstruction to restore line of sight visibility for approaching traffic.

This task should take approximately four (4) hours to complete.

Should you require additional information, please contact me and I will respond accordingly.
