**The charity recipient for The Garden Show will be Volunteer McKinney.**

- A certified copy of the agreement between promoter and property owner. **(Please see attached agreement labeled "Attachment A".)**
- A plan on how the promoter intends to limit attendance to the number of persons listed above.

**Based on attendance at the six previous Garden Shows presented by the Collin County Master Gardeners Association (CCMGA) at Myers Park and Event Center, we anticipate a maximum attendance for the 2018 event as no more than 10,000 over a two day period, which would average 5,000 per day, noting that this estimate is on the high side. The Garden Show is a “come and go event” with anticipated attendance at any one time of less than 2,500.**

**It should be noted that Myers Park and Event Center can actually accommodate 20,000 people. Vendors and public service booths will be in the Show Barn with a capacity of 2,500 people, speaking events will be in The Landing with a capacity of 250 people and in the Stall Barn with a capacity of 300, and walking and bus tours to the Research and Demonstration Gardens will be held on the property grounds. Attendance numbers will be monitored by regular manual counts to ensure maximum capacity is not exceeded in each of these locations. Attendees will be turned away, if necessary, to ensure maximum attendance is not surpassed in order to ensure a safe and secure environment.**

- The name and address of each performer who has agreed to appear at the event and name and address of their agent.

**A Mini-bus has been acquired to carry visitors from the Show Barn to the Research and Demonstration Gardens designated as Locations 13, 3, and 7 on the Parking Plan Map. The bus will pick up riders in front and to the east of the Show Barn as availability allows, proceed south between Barn Locations 18 and 19 to the Exit Gate of the main parking lot, turn left on CR 166, and make another left turn on CR 168. The Trolley will then re-enter Myers Park from CR 168, proceed through the Crepe Myrtle Garden (Location 3), past the Rose Research Garden (Location 7), and exit through the North Gate at Location 11 to re-enter the Park at Location 9. Passengers will load and unload on the right of the bus, thus not stepping out into a traffic lane. The bus is handicap accessible.**

**Visitors may also reach the Research and Demonstration Gardens by crossing a footbridge between The Landing and the Research and Demonstration Gardens.**

**CCMGA volunteers will be dispersed throughout the bus route and walking paths to direct any foot traffic, as necessary.**

### Communications:

Communications with medical and fire responders will be coordinated through the Show Barn Office. CCMGA volunteers will be situated throughout the park with communication devices available to communicate arising situations.
