RE: Farmersville ISD Police Request

Public Works recently received an inquiry from James Caviness, Police Chief for Farmersville ISD Police Department, regarding the availability of police equipment. Specifically, he requested Collin County donate the following items.

- (1) Overhead light bar for a Crown Victoria
- (1) Rear deck light assembly for a Crown Victoria
- (2) Laptop mounts

After evaluating our inventory, we determined that we could fulfill the first two requests. We have light bars and rear light assemblies designated for surplus, which will either be stored or destroyed. As a general practice, Collin County does not currently auction police equipment to the public.

Public Works respectfully requests the Court's consideration and approval to donate (1) light bar and (1) rear light assembly compatible with the Crown Victoria to the Farmersville ISD Police Department.

Should you require additional information, please contact me and I will respond accordingly.
