

Mr. Griffin,

Per our previous conversation, JD Ferguson Investments (DBA Metro Fleet) has previously sold its business and assets over to Collision Repair Unit 3, LLC (DBA Maaco Collision Repair & Auto Painting). As part of the acquisition we have retained all assets and personnel and plan to continue operating business as usual. We are interested in continuing a partnership with Collin County and hope that our relationship only grows stronger with greater level of support and quality.

Please let me know if this is anything further we can help with at this time.

Cheers,

Helmuth Mayer Jr.

CEO of Collision Repair, LLC
