During such session the court considered adoption of the following resolution supporting Environmental Clearance and Construction of SH 5 from SH 121 to CR 375.

WHEREAS, SH 5 serves as a major north-south thoroughfare for Collin County; and

WHEREAS, improved traffic mobility in this region will compliment economic development, improve air quality, advance traffic safety, and generally enhance the quality of life for all residents; and

WHEREAS, the Texas Department of Transportation (TxDOT), The City of Melissa, The City of Anna and Collin County are proceeding through the environmental approval process and desire (1) the issuance of a Finding of No Significant Impact (FONSI) approval at the earliest possible date and (2) the construction of SH 5 from SH 121 to CR 375 to enhance mobility in the region and achieve the resulting economic and social benefits.

NOW, THEREFORE, BE IT RESOLVED BY THE COLLIN COUNTY COMMISSIONERS COURT, TEXAS:

1. We affirm our support of the SH 5 from SH 121 to CR 375 proposed improvements and specifically for the expedited letting of the improvements; and
2. We request TxDOT to consider constructing sidewalks only in those areas which have already been developed and do not have sidewalks, leaving sidewalks in undeveloped areas to be constructed when those areas are developed; and
3. We request TxDOT to consider reducing the outside 14-foot width of the outside shared use lanes to 12 feet, allowing the cities to provide safe paths for bicycle travel outside of the travel lanes of this roadway; and
4. We urge the Texas Department of Transportation (TxDOT) to make every effort to expedite the issuance of the Finding of No Significant Impact (FONSI) and environmental approval of the proposed improvements to SH 5 from SH 121 to CR 375, CSJ: 0047-04-022.
