Re: RFP – Right-of-Way Acquisition Services for Various Transportation Projects –
RFP No. 2018-310

The Engineering Department requests Commissioners Court's authorization to issue the attached RFP for right-of-way acquisition services. These services would be utilized to coordinate right-of-way purchases for more complex transportation projects such as the Collin County Outer Loop or County involved TXDOT projects.

These purchases will be closed through a title insurance company and often require a release of lien, and on occasion, relocation assistance.

We will be available to answer any questions you might have regarding this matter.
