To: Commissioners Court
From: Jon Kleinheksel 
Re: CR 475 drainage Issue

Public Works requests Commissioners Court's consideration and approval to trim and remove brush and tree limbs on private property on CR 475.

PW staff has identified a safety hazard at this location due to water crossing the road and eroding the east side of the roadway. The property owner on the west side of the road was contacted by Public Works and has consented to allowing PW crews on the property for the purpose of clearing trees and brush from the area and installing a drop inlet structure to capture the runoff instead of it crossing the road.

Should you require additional information, please contact me and I will respond accordingly.
