Re: Josephine Inter Local Agreement – Hubbard Road

Public Works received a request from the City of Josephine to FDR a portion of Hubbard Road. The length of FDR is 1.10 miles and the extent is from CR 642 to Greenville. To finance this project, Josephine conveyed their preference for a five year payback plan.

The road is 21 ft.in width and varies in some areas. Public Works inspected the proposed site and calculated a cost estimate of 212,010.00 to FDR/TCP/Stripe Hubbard Road. Material testing to establish proctor and subsequent testing as requested by city. Cost may increase depending on additional testing request. Cost to be borne by the City of Josephine.

The Budget Office prepared the attached amortization schedule to compensate Collin County at 2.80% over the agreed upon term of 5 years (60 months).

Public Works will deliver a final product that meets all County Road Standards. However, due to many intrinsic variables including:

- Inclement Weather
- Traffic patterns
- Soil conditions
- Future road maintenance
- Trees and drainage maintenance

Public works will not provide a warranty for roads reconstructed within or adjacent to the Josephine boundaries. (Please note on court order).

If you have any questions, please do not hesitate to contact me and I will respond accordingly.
