Subject: RE: City of Josephine- Hubbard

Patti,

I included an updated cost below. 5,200' is only from CR 642 to Main. E. Hubbard is an additional 600' +/-

- Cost- FDR entire 5,800' +/- (5,200 W. Hubbard and 600'+/- E. Hubbard to Greenville)
 - FDR/TCP \$183,982
 - TRMSS \$ 27,158
 - Striping \$ 870
- \$212,010***

*Testing of materials prior to work beginning is \$250 +/-, while compaction is underway, will add \$200 minimum for each "test hole". Testing includes establishing optimum moisture and compaction in the lab, then testing processed material on the road as needed.
