RE: Medical, Dental, Vision, Retiree Insurance Administration Renewal

Human Resources is seeking consideration and approval by Commissioners' Court to renew medical, dental, vision, and retiree insurance administration with UnitedHealthcare for FY2019. Our medical administrative fee decreased to \$39.03 per member per month. In addition to a lower administrative fee, UnitedHealthcare will provide the Personal Health Support with Disease Management program at no additional cost. There was no increase in dental, vision, or other administrative fees.

Please let me know if you require any additional information at this time.
