Re: Interlocal Agreement with the Town of Prosper for Improvements to First Street
at the Dallas North Tollway Intersection

Collin County is in the process of constructing the western, south bound frontage roads for the Dallas North Tollway (DNT) between U.S. Highway 380 and F.M. Highway 428.

The Town of Prosper has approached us about making improvements to First Street at DNT. Prosper believes these improvement can be made most efficiently by our contractor, Mario Sinacola & Sons Excavating, Inc. As such, they would like us to complete the intersection improvements under our current contract with Sinacola.

Prosper is willing to pay for all costs associated with this additional work (currently estimated at \$900,000 and \$1,000,000) and is asking Commissioners Court's approval of the attached ILA.

If Commissioners Court approves this ILA, approval of DNT Change Order No. 2, which is submitted under a separate agenda item is also requested.

The Engineering Department supports this request and we will be available to answer any questions you might have regarding this matter.
