TO: Commissioners' Court

FROM: Jason Browning, Fire Marshal/Emergency Manager

RE: Collin College Foundation

Honorable Court,

Now that Emergency Management has been combined with the Fire Marshal's Office it is my desire to provide uniforms for emergency management personnel. Currently there is \$2703 in the education and conference line item for emergency management.

I respectfully request the Court to consider and approve moving \$1000 from the education and conference line item into a newly created uniform line item for emergency management.
