Re: Sale of Fuel Truck

In 2015, Public Works purchased a fuel truck to complement our field operations. At the time, PW staff was considering options to improve readiness and responsiveness in the field and felt the truck would be a net benefit for the department. However, integrating the truck into our daily operations proved to be more onerous than anticipated.

As a result, PW staff recommend selling the truck after receiving a generous offer from the City of Plano. After initially purchasing the truck for \$278,844 in 2015, Plano has offered \$265,000 to purchase the truck as is. Compared to prices for similar trucks listed for sale, this amount represents a favorable offer and a fortuitous opportunity for the County to discard the truck.

Should you require additional information, please contact me and I will respond accordingly.
