**Re:** Contract Amendment – Tyler Technologies – Tyler Supervision

---

The Collin County Information Technology Department and the CSCD Department are requesting approval of the amendment to the original Tyler Technologies Odyssey Supervision amendment executed on October 26, 2017. This amendment reflects a pivot to a newer solution with more functionality than the original solution and will include a faster implementation timeline. The solution will provide better functionality than what the CSCD Department has today by integrating CSCD Case Management with the Collin County Courts and Clerk's Offices.

Collin County and Tyler Technologies have negotiated a cost-neutral implementation plan. Therefore, the implementation costs associated with the original October 26, 2017 amendment remain.

The original account codes and costs associated with the 10/26/2019 amendment are as follows:

TI03JUS -4401-060090011-809004	208,120.00
TI03JUS -4401-060090011-809050	735,214.00
