Re: Mass Gathering Permit – Vintage Market Days, Fall 2019

The Mass Gathering Permit for the Vintage Market Days to be held on November 22-24, 2019, at Myers Park and Event Center has been reviewed and approved by the Collin County Sheriff's Office. The traffic plan appears sufficient allow for the safe coming and going of the anticipated crowd. The security plan calls for two officers, however we believe this number is insufficient. Given the anticipated crowd size of 3000, three (3) on site deputies will be required to ensure proper security and crowd control.

As long as the Collin County Fire Marshall's Office approves the event, I see no reason to object to the issuance of the Mass Gathering Permit.
