Re: Acceptance of Donation

Collin County Farm Museum has received requests to consider the donations of the following artifacts as listed below:

Gordon Crow has requested to donate a late 19th century Quano fertilizer spreader which is fully restored. This animal drawn, single row fertilizer spreader was used in Collin County from a farm in northwest McKinney. This item is unique and would be an asset to the Collin County Farm Museum and would help aid in telling the story of farming in Collin County.

Sam Laney has requested to donate a 1957 John Deere Model 50 tractor. This tractor is a wide front tractor which the Collin County Farm Museum has been looking to acquire for the 4-H Ag Mechanic project for NNC McKinney 4-H Club. This tractor would be an asset to the exhibits and Youth Restoration program.

Per Court Order No. 2015-976-12-14, the Collin County Farm Museum recommends that the County Commissioners Court accept these donations and requests authorization to add all items to inventory of the Collin County Farm Museum.

We will be available to answer any questions you might have regarding this matter.
