Subj: FY2020 county budget request.

1. This request is submitted for the fiscal year 2020 county budget for consideration for our mission in the conservation of the natural resources of the state of Texas, public safety, environmental, and the enforcement of all applicable state laws.

2. The following items will aid wardens in our efforts to assist the citizens of Collin County:

- a. Spypoint Link-Micro Cellular Game Camera - **\$149.99** (Cabela's: IK-468183 VERIZON MODEL, \$149.99 X 1)
-Game Wardens are called to assist landowners with trespassers and poachers, for these issues the use of game cameras is effective. A new tool is game cameras that take and send photos in real time with the use of cellular technology so violators can be caught in the act. This equipment would greatly increase the likelihood of apprehending violators.
- b. WARN VR-EVO Utility Winch - **\$1,694.97** (Northern Tool: SKU 88383, \$564.99 X 3)
-Texas Game Wardens are often utilized to assist in natural disasters and inclement weather events (flooding, snow, ice storms, tornados, etc.) when the terrain is often variable and hazardous under said conditions. Additionally, wardens often patrol off road, checking hunters, recreational fishermen, assisting other agencies, and generally patrolling private and federal land for wildlife violations. For this reason, wardens are requesting a utility winch for patrol trucks.
- c. Vortex Viper 10 x 42 Binoculars - **\$1,169.97** (Vortex Direct LE/MIL, SKU V201, \$389.99 X 3)
-Game Wardens often patrol covertly and in rural areas. We are requesting binoculars to assist us in the enforcement of fish, game, and any other state laws within our purview.
