### MEMORANDUM

DATE: May 14, 2019

TO: Collin County Commissioners' Court

FROM: Candy Blair, RN, BSN

REF: Closed Point of Dispensing (POD) Site Memorandum of Understanding with Intel

---

Collin County signed a Memorandum of Understanding (MOU) with Intel on June 14, 2016. This agreement authorizes Intel to conduct mass dispensing operations in the event of a large-scale public health emergency by using a Closed POD model, under the authority of and with consultation from Collin County Health Care Services.

In September 2016, due to internal restructuring, the Plano Intel facility became a McAfee site. A PHEP staff member reached out to McAfee and asked that they sign a new Closed POD MOU due to the change in leadership and received the attached response letting us know that they wish to discontinue the agreement with Collin County. The Intel MOU has a clause stating that the agreement may be terminated by either party at any time, with or without cause; however, the terminating party shall provide thirty (30 days) written notice to the other party.

We request that the attached email from McAfee serve as termination of the Closed POD MOU between Collin County and Intel.

In the future if McAfee decides to serve as a Closed POD site, we will be more than willing to partner with them.

If you have any questions do not hesitate to contact me.
