BuyBoard Quotation for Bagela BA10000 Asphalt Recycler
Current BuyBoard Contract # 597-19, effective December 1, 2019

Delivery: In Dealer Inventory S/N: WO9A10205GKB13302

This New Bagela BA 10000 received from factory and placed into stock Feb., 2017. It is the same New Machine, which was Demonstrated on 7/26/2018 to Collin County Public Works in McKinney, at their Materials Stock Pile Operations. This Bagela BA 10000 has accumulated only **9.7 Hrs.** of Demonstration.

Includes: Complete Set of Operations, Maintenance and Parts Manuals

Training: Machine Maintenance & Operational Training Performed at Customer's Recycled Asphalt Jobsite in McKinney.

Training conducted by Factory and Dealer Service & Support Technicians

Training Format: Hands On Instruction, normally conducted in One Day and a half as follows: Arrive First Day late afternoon and detach Bagela Recycler and place at customer's asphalt recycle site. Begin Training Second Day, early morning - Process & Operations Training with Machine checks, inspections and adjustments taught throughout. Resume Training Third Day - up to half - day.

[Possibility may arrive early morning on first day for set-up & training]

The Training Regimen & Curriculum is very important, not only to the Customer, but to the Dealer & Factory, as well. The Schedule, including arrival, format & duration will be closely coordinated to the customer's satisfaction.

Optional Extended Training- Additional half - day \$ 450.00
Additional full day \$ 900.00

Bagela Factory Warranty: Full Machine - One Year, Parts & Labor
Warranty Repairs Performed at Customer Location

Respectfully Submitted,  Rick Chapman, District Manager
