GENERAL DISCUSSION

Item No. 5 AI-26670 Presentation, discussion and any action regarding the 50% match of Transportation Bond Funds, Commissioners Court. Judge Self wanted to present a briefing as a precursor to discussion about the bond committee process. Briefing: Judge Self presented a briefing to the Court and audience prior to the discussion on transportation funding using maps and charts to show the current county roadways, the historical traffic usage by population and the growth projections. Due to the congestion of the roadways and need for expansion, various options need to be considered and priorities set for the projects and funding so that we are not merely reacting to growth but planning ahead for it. Judge Self noted the various funding avenues and stressed the reality that some funding options may disappear in the future due to legislative changes. Judge Self made note that Collin County is different than most large counties in the state in that we are not dominated by one large city (example: Houston, Dallas, San Antonio). Judge Self posed the question for thought: should the county concentrate its energies and efforts on the 'backbone roadways' that are the most congested and troublesome and withdraw from participating in city roadway construction? Discussion followed with the suggestion that Ruben Delgado, Engineering, bring a more detailed map to workshop for further discussion. It was also noted that this Court needs to involve the state and federal representation in some round table talks to solicit their help and direction. (Time: 9:21:47 a.m.)

MINUTES

Item No. 6 AI-26679 Consideration, discussion and any action regarding the creation of two new positions for the new Courthouse; Building Maintenance Tech 1 to Facilities and a Security Guard to Courthouse Security and budget adjustment in the amount of \$38,450 for same, Budget. Bill Bilyeu, Budget, came before the Court and explained the need for these positions as floors one through four in the current courthouse will be empty and there will remain a need for monitoring for security and safety reasons. The City of McKinney does not take control of the building until all County personnel have moved out. Also, Annex A, will continue to house County employees and there will be a need for on-going support so the new facility will need a new position. Commissioner Jaynes motioned to approve,

Commissioner Cole seconded, and the motion passed with a 3-0 vote of the Court. Commissioner Hoagland had stepped away for a moment. (Time: 10:02:45 a.m.)

MINUTES

Item No.10 AI-26727 Consideration, discussion and any action regarding Commissioners Court input during the June 14, 2007 RTC Session on the State Highway 121 discussion, Commissioners Court. Judge Self stated that the Court really has no input for the RTC at that meeting, that it is more for the financial personnel. Commissioner Jaynes noted that he planned to attend and that the June 18, 2007, meeting would be for a vote and if Commissioner Hatchell was unable to attend, Collin County should have representation. Commissioner Cole noted that the Court would need to take action because Collin County would have no voice in the vote if a representative was not present. Judge Self moved further discussion to Executive session. (Time: 10:13:35 a.m.)

MINUTES

Item No. 11 AI-26586 Consideration, discussion and any action regarding the 2007 RTC Comprehensive Development Funding Initiative, Commissioners Court. Item No. 14 AI-26643 Consideration, discussion and any action regarding approval to declare a 2003 Stihl Stick Edger (Inventory No. 40317) as lost property and remove from County inventory, Facilities. The Court's concern was with the internal controls in place for monitoring equipment, whatever its value. Dan James, Facilities, came before the Court and explained those controls. Discussion followed that all items, regardless of cost, are important and their loss felt and procedures need to be in place for monitoring their use and return. However, on the other hand, the reality of the cost for tracking something down when it is lost/stolen has to be considered also. Commissioner Hoagland moved to approve the motion, Commissioner Cole seconded, and the motion passed with a 4-0 vote of the Court. (Time: 10:16:20 a.m.)
