Commissioner Hoagland asked for clarification. Jeff May, County Auditor, addressed the Court in response. Mr. May stated that Internal Revenue Service rules prohibited an account from earning interest revenues greater than the interest rate. Should this occur, the difference must be paid to the Internal Revenue Service. Mr. May continued by saying this was actually a good thing because it meant the County had invested wisely and was getting a high return on investments. Brief comments from the Court followed. Motion to approve adjustment.

f. **AI-31084** Public Works Stockpile (Physical Inventory).

Judge Self asked Jon Kleinheksel, Public Works, to address the Court. Judge Self first congratulated Mr. Kleinheksel on the Public Service Announcement which will go up on the County's website today, then asked him to explain the inventory control on the stockpile and culverts.

Mr. Kleinheksel approached in response saying his department transitioned into a new process this fiscal year with the aid of the County Auditor and the Purchasing department. Mr. Kleinheksel said the process was a checks and balances to monitor the entire inventory as it enters and leaves his department rather than rely on quarterly reports. Judge Self responded saying Mr. Kleinheksel answered the question he had because the report submitted to the Court today included some words that sounded negative. Judge Self asked for verification that

the County had positive control over inventory. Mr. Kleinheksel said yes, there was positive control over inventory and always had been. Jeff May, County Auditor, gave comments saying he was very satisfied with the new process. Judge Self said he just wanted the clarification that the County's internal controls were tight. Motion to approve. (Time: 9:42 a.m.)

GENERAL DISCUSSION

4. **AI-30985** FY2010 Compensation Plan, Human Resources.

Cynthia Jacobson, Human Resources, approached the Court regarding the compensation plan. Ms. Jacobson stated that the FY 2010 Compensation Plan was approved by the Court during the annual budget process; however, there were re-classes that were approved by Court and minor changes for some CSCD employees, which are reflected on the updated plan. Motion to approve revised Compensation Plan. (Time: 9:43 a.m.)

5. **AI-31128** West side access road of the Dallas North Tollway (DNT) between US 380 and FM 428, Commissioner - Precinct 1.

Commissioner Shaheen gave comments to the Court saying he had requested this item be placed on the agenda for the Court to consider using some of the interest earned on the County's RTR funds to add west side access to the Dallas North Tollway. Judge Self asked if this would provide congestion relief or economic development. Commissioner Shaheen said it would provide both although, as a matter of timing, the economic development would come first. Commissioner Shaheen continued saying he didn't think the Court had to make a decision now he just wanted to see if the Court agreed with looking into the feasibility of the west side. Commissioner Jaynes stated that the next RTC meeting would be held on December 10, 2009 and, at that time, they would get an update on the balance of the funds including interest earned so the Court would know how much was available. Commissioner

Jaynes said he estimated the balance to be approximately 40 million dollars and suggested the Court wait on a decision until January so they had complete information as to what they could and could not do and how much funding would be available. Discussion and comments with the Court followed.

Commissioner Hoagland asked Ruben Delgado, Engineering, how much it cost for the east side of the tollway. Mr. Delgado approached in response saying the east side cost roughly 10.5 million dollars; however, the County still needed five right of way spans, only 39 out of 44 have been obtained. Discussion with the Court followed. Motion to submit researching the addition of the west side of the Dallas North Tollway as a project. Commissioner Jaynes suggested waiting until January to approve the project because on December 10th the Court would have an update on the RTR funds and would know how much would be available, and then the Court could decide on submitting the project. Motion revised to have Engineering move forward with right of way acquisition and traffic counts. (Time: 9:51 a.m.)

6. AI-31135 Wellness Program, Commissioner Pct. 2.

Commissioner Hoagland, addressed the Court with comments regarding the number of employees who were diagnosed with significant health issues after undergoing the heart screening procedure last year. Commissioner Hoagland stated he wanted to leave the screening on the wellness program and asked Cynthia Jacobson, Human Resources, for information on the types of illnesses that were diagnosed. Ms. Jacobson approached in response saying she had requested the coding, but had not yet received the information. Motion to hold the item until more information was received. (Time: 9:52 a.m.)

HELD

7. AI-31165 Ratification of the County Judge's prior approval of Personnel Appointments effective November 20, 2009, Human Resources.

Judge Self asked Cynthia Jacobson, Human Resources, to explain to the Court why the Judge's prior approval was necessary. Ms. Jacobson responded saying the new hires were scheduled to start on a specific date and then the Court schedule changed. Because the change impacted the start dates Human Resources requested pre-approval by the County Judge. Ms. Jacobson also said that all of the appointments were at the beginning of the pay range. Commissioner Jaynes asked if this was because one Court session had been missed and Ms. Jacobson replied that was correct. Motion to approve ratification. (Time: 9:53 a.m.)
