Commissioner Webb stated the County had adopted a technology replacement policy. He noticed a comment in the packet about how IT would not replace these specific computers so the Tax Assessor is requesting to take the money out of his own budget. Caren Skipworth, IT Director, said the Tax Assessor is not in the replacement plan until 2013 and with the processes they are running they would need all new machines rather than software upgrades. Commissioner Webb asked why the Tax Assessor requested \$8,000 but the bill was for \$9,000. Monika Arris, Budget Director, stated the difference is because the request was for computers only, without monitors, so there was an

adjustment made. She stated this is the first year the Tax Assessor has not spent his entire office supply budget. Ms. Arris explained how the office supply budget is allocated. Commissioner Webb made a motion to approve. (Time: 3:03 p.m.)

GENERAL DISCUSSION

5. **AI-34264** Truancy Court support, Constable, Precinct 3.

Constable Chuck Presley, Precinct 3, came forward to present information on the Truancy Court. Constable Presley stated that due to the elimination of positions in his department he feels he can no longer manage truancy. He gave a presentation discussing truancy and recommended adding a full-time deputy dedicated solely to the truancy program. Constable Presley discussed the many duties of the Truancy Deputy. He stated from October 1, 2010 to September 9, 2011 they have completed 77 transports of students that have been committed to the Juvenile Detention Facility or the Collin County Jail if they are over the age of 17. Each truancy transport uses approximately three deputy hours. If the student is over the age of 17 they must be delivered to the Court for a hearing, the parents must be present at the hearing and the deputy must monitor the student the entire time they are in custody. His office has supported the Students of Service (S.O.S.) Program and one Saturday of each month the students perform community service to make up lost time due to truancy. In 2010 the program consisted of 179 volunteers who performed 762 hours of service and picked up 20,300 pounds of trash. Constable Presley proposed the Court give his office this position until the school year is over in June and then reevaluating its cost effectiveness. Commissioner Shaheen asked if he was asking to move the proposed budget to employ 13 employees total. Commissioner Shaheen pointed out that from 2008 to 2009 there was a decline in papers served. Constable Presley stated that when they redistricted the areas in January 2009 he was given a much larger area to cover and had to reassign a deputy for evictions. The Court discussed reallocating duties of two deputies for the program rather than implement a new position. Commissioner

Williams suggested working with other precincts to use their deputies to assist with the truancy program. Judge Self suggested speaking to Precinct 4. (Time: 2:04 p.m.)

7. AI-34197 Clarification of restrictions on funds in preparation of implementing Governmental Accounting Standards Board (GASB) Statement Number 54 for the FY 2011 Comprehensive Annual Financial Report (CAFR) and further approve committing funds for disaster recovery in the General Fund, Auditor.
Item 7 and Item 8 were discussed together.

Jeff May, County Auditor, gave information concerning the Governmental Accounting Standards Board (GASB) Statement Number 54 and the FY 2011 Comprehensive Annual Financial Report (CAFR). He said the policies have changed and there are new categories added to the CAFR. He discussed the new terms and said the term “to be committed” means the Commissioners Court has to take action on the item. He said the assigned fund balance is intended to allow a designated person to assign fund balances when they determine the Commissioners Court had intent to commit the funds. Mr. May discussed the order of spending and the minimum fund balance, which is 120 operating days, which is approximately \$39 million. Mr. May selected the 120 day balance because this is what GASB recommended to prevent losing the current bond rating. Commissioner Williams said they should really have reserves above the 120 day balance just in case.

Mr. May said GASB 54 will merge some special revenue funds and report them into the General Fund. He stated he needed the Court to make a decision so that he can have in writing to use these funds as committed funds. He asked to commit \$10 million for disaster recovery along with a list supplied by Ms. Arris. Commissioner Shaheen asked where the numbers came from. Commissioner Webb replied, saying he did research after the Joplin, Missouri disaster. After speaking to Kelley Stone, Homeland Security,

he came back with the figure of \$10 million. Monika Arris, Budget, came forward and discussed the breakdown of the disaster recovery funds as well as the list she supplied of additional funds. Commissioner Shaheen asked Caren Skipworth, IT Director, about information on rebuilding the data center in the event of an emergency. Judge Self recommended moving \$2 million to the capital murder fund and \$10 million in disaster recovery. This is not included in the operating reserve and it is not a permanent commitment and can change every year.

Commissioner Shaheen made a motion to commit \$13.7 million funding for the General Fund for capital murder, special elections, utilities, disaster recovery and road and bridge fuel and material cost increase. (Time: 2:28 p.m.)

9. AI-34179 Public Hearing – Proposed FY2012 Budget, Budget.

Monika Arris, Budget, addressed the Court with the FY 2012 Proposed Budget. Ms. Arris gave an overview of the actions taken during the budget cycle and subsequent workshop. There were 11 positions added and 19 positions removed. Ms. Arris gave a presentation showing the General Fund five year trend as well as the proposed funding for FY 2012. She stated the FY 2012 proposed budget is a 4.5% decrease from the FY

2011 budget. The Operating Fund, which receives tax dollars, is decreasing 2.2% from the previous fiscal year. Ms. Arris stated the proposed tax rate is \$0.24 per \$100 valuation which has not been increased in the past 18 years. Changes that have come about since the proposed budget was filed include jury pay, the elimination of Justice of the Peace Precinct 3-1 arraignment duties, the Constable Precinct 3 proposal and permanent improvement regarding the animal shelter.

Judge Self opened the Public Hearing at 1:48 p.m. and asked if there were any public comments.

Roy Serpa, Fairview, came forward with comments on the proposed budget. Mr. Serpa urged the Court to be more careful with the obligations they place on the taxpayer and he recommended they reject the proposed FY 2012 budget and revise it accordingly.

There being no other comments, Judge Self closed the Public Hearing at 1:50 p.m.
