2. **AI-34423** Application for a Slaughter Facility submitted by Ayachi Investments, LLC to be located at FM 1377 and CR 494, Development Services.

Misty Brown, Development Services, stated on September 1st, 2011, state law changed to allow Collin County to be covered under Local Government Code 234.033 which means the Commissioners' Court can approve the location of slaughter plants. The Commissioners' Court can prohibit the operations of a slaughterer if:

- (1) They are within 1,000 feet of a school or residence; or,
- (2) At any other location if the Commissioners' Court finds that the operation of a slaughterer's business is incompatible with the existing land use of the neighboring area or would impose an undue hardship on persons residing or trading in the neighboring area.

Continuing, Ms. Brown said on September 13th, 2011, they received an application for a new slaughter plant. A study showed there are five residential properties located within 1,000 feet so the application was being brought before the Court.

Mostapha Ayachi stated he purchased land in Princeton about a year ago. He owns several Subway and Church's Chicken franchises. Mr. Ayachi is from North Africa and he said there is a great demand for Kosher and Halal meat. Raw meat would not be sold from this facility. Mr. Ayachi said based on religion and holidays, the Muslim people purchase live animals, slaughter and process them. He stated he would engage the services of a company that would follow the proper procedures for the disposal of blood and innards. Commissioner Jaynes said he would vote against this item. He felt the legislation should work in this case and he made a motion to deny the request. (Time: 2:35 p.m.)

3. AI-34433 Resolution supporting the reconstruction of US 380 from the Denton County Line to Custer Road, including the addition of frontage roads between the Dallas North Tollway and SH 289 (Preston Road), Engineering.

Commissioner Webb said he is supportive of this item but he wanted to bring to the Court's attention that 380 is the major east-west road that goes through the center of the county. He is concerned that we continue to devote the necessary resources to continue to plan for this roadway to ultimately be a freeway. We are running into issues with the amount of right-of-way. We have RTR savings from other projects and he asked the Court to consider that we plan for that process. Following brief discussion, Commissioner Webb made a motion to approve. (Time: 2:41 p.m.)

COURT ORDER NO. 2011-854-10-24

5. AI-32790 FY2012 Compensation Plan, Human Resources

Commissioner Webb asked Cynthia Jacobson, Human Resources, why this item was before the Court because he thought the Court had approved the pay ranges and salaries for all these different positions. Ms. Jacobson said it has been the tradition to

bring back the entire plan with everything listed in one place together. If the Court did not approve the plan today, it would still be in place. Commissioner Jaynes said he likes to approve the whole thing for transparency reasons and he made a motion to approve the compensation plan. Commissioner Webb voted no. (Time: 2:43 p.m.)
