To: Judge Self and Commissioner's Court
From: Jon Kleinheksel, Director of Public Works 
RE: Award for solicitation 09314-11 Maintenance, Road: Microsurfacing

Public Works requests Commissioner's Court consideration and approval of award for solicitation IFB 09314-11 Maintenance, Road; Microsurfacing to Ballou Construction Co, Inc. as the overall best bid meeting specification requirements. Award to take effect for fiscal year 2012.

Micro-surfacing is a contracted surfacing treatment that uses a mixture of water, asphalt, small graded aggregate and cement to fill in small voids and cracks in existing asphalt roads. The treatment is required for moderate repairs and results in 5 to 7 years of additional road cycle life. Public Works has utilized this pavement surfacing approach for several years with positive results.

Should you require additional information, contact me and I will respond accordingly.
