Re: Constable & SO MDC's for CIJS

Mobile Data Computers (MDC) will be installed in 31 Collin County Constable vehicles and 7 in SO vehicles to allow the deputies to be more efficient in their regular day to day job functions.

The primary purpose of the MDC's is to allow for Civil Papers & Warrants to be handled remotely in the field via Odyssey. In addition the MDC's will allow for TLETS, Communications for 911 CAD web, County email and other various systems in the vehicle.

The total cost is not to exceed \$369,426.90.
