Re: Judges Session Equipment

This memo serves as FYI to Commissioners Court to note the purchase of Judges Session Equipment in the amount of \$31,360.60 from the lowest bid company Compuquick off our DIR Contract. This project is in the FY2012 approved budget (443-0609-414-90-02 / 03JUS).

Judges Session Edition will be rolled out to all Judges and allows them to streamline their docket schedules by providing all case files in an electronic format.
