Re: Authorization to Advertise for Bids to Construct Two (2) Drainage Structures on County Road 408 at Ticky Creek and a Branch of Ticky Creek  
Bond Project No. 07-108 (See Location Map Attached)

The Engineering Department is requesting Commissioners' Courts authorization to advertise for construction of two (2) box culverts on the above referenced roadway. This project was approved as part of the 2007 Bond Program.

If approved, we anticipate that a contract will be awarded in April, construction would begin in May with completion in October 2012.

We will be available to answer any questions you might have regarding this matter.
