Subject: Woodbridge Discussion

The mutual boundary roads have been a part of the discussion with Wylie concerning Woodbridge. Per the email below, the City is committed to working out an agreement to utilize bond funds for their portion of mutual boundary roads. Just an FYI, that Wylie has come to the table on this issue.

This email will be added to the final public Court packet.

Subject: RE: Monday's Commissioners Court

Bill,

It is our understanding that Collin County wishes to improve our mutual boundary roads including Elm and Lake Roads, as well as initiate a project to repave Skyview Road which includes sections within our jurisdiction. In order to fund our share of these improvements, we have discussed with Collin County the option of reallocating a portion of the County's match designated for future bond projects in Wylie such as Stone Road.

We appreciate the County's continued focus on transportation projects, and particularly appreciate the assistance with the proposed extension of Woodbridge Parkway.

Regards,
Mindy

Subject: Monday's Commissioners Court

Mindy,

Can you send me an email detailing the agreement that you've made with Cheryl on the mutual boundary roads and Lake/Elm and Skyview? She'd like to include this info in the discussion of Woodbridge to show how well the County is working with Wylie. Just a few sentences will work.

I'll need a resolution or official memo from you on this agreement in the future, so the Commissioners Court can officially adopt/approve it.

Bill
