Collin County Clerk

Preservation and Restoration Plan and Records Archive

Fiscal Year 2013

County Clerk

2013 Preservation and Restoration Plan And Records Archive

Plan Summary

The purpose of this document is to define the restoration and preservation plans of the County Clerk's Office for the upcoming fiscal year. The scope of work will be ongoing for many years to preserve documents and conduct restoration activities when necessary. The ultimate goal of these efforts is to digitize permanent documents and make them readily available and useable to the public in digital format, thus protecting the original documents. It is the intent of the County Clerk to follow guidelines set by the Texas State Library and Archives Commission as it relates to records retention. This document addresses the restoration and preservation needs of the County Clerk's records archive only.

Budget and Expenditures

Records preservation and restoration efforts are funded in large part through the collection of a records archive fee authorized by Chapter 118.025 of the Texas Local Government Code. The fee amount is approved by the Collin County Commissioners' Court, and itemized as part of Collin County's annual budget process. The funds generated from the collection of this fee are expended only for preservation and restoration, document indexing and records storage. It is our intent to designate all funding carried over from a previous fiscal year for expenditures to the above.

2013 Plan

In FY 2009 an elaborate inventory of all records in possession of the County Clerk's Office was conducted. The inventory identified the current record type (book, paper and film) with the desired digitized format and retention period. Records with a short retention period will not be digitized. They will be destroyed in accordance with guidelines set by the Texas State Library. As a result of the above mentioned efforts, focus in the upcoming year will be on the following:

- Restoration and preservation of Photostat books for all images and indexes from 1950 to 1984 (Real Property Records, Vital, Probate, Civil/Criminal and Miscellaneous Records). To unbind, clean, humidify, de-acidify and encapsulate in an archival polyester pocket and rebind in Disaster Safe County Binders which meet or exceed the NFPA Operating Practices ~6.12.2. All sheets will be digitally scanned and captured via Kodak Digital Science Scanners and Kodak High-Volume Capture Software and then formatted in a multi-page or single page Group 4 TIFF file. All images are to be saved in duplicate to Kodak Preservation Gold DVD-Rs.

The County Clerk did not go out for bid for the second selection of books during the 2012 fiscal year due to completion of other pending projects.

The cost for the second selection of books to be restored and preserved will go out for bid and will be awarded to the best competitor with the lowest bid. The second selection involves approximately 2,655 books of the official public deed records to be preserved, digitized, imaged and indexed to make the records available on the web.

- Indexing of Preservation Project 2009 (RFP No. 03460-09)

We preserved 2,066 volumes of deed records, 131 volumes of deed of trust and indexes, 94 volumes of probate minutes and indexes, 29 volumes of birth records and indexes, 10 volumes of death records and indexes, 41 volumes of marriage records and indexes, 28 volumes of military discharges, and 820 miscellaneous books which consist of 1 or 2 volumes. These books were preserved first due to the severity of damage to the books by the flooding that occurred in 2007.

Previously deed records from February 14, 1974 through end of December 1984 were indexed. Only the images were loaded to match the existing index. In-house we are currently scanning and uploading the images. We are indexing and verifying the images into the AmCad system from August 1, 1973 through end of February 1974.

County Clerk Records Archive-Public Documents – a listing of records that will be preserved and archived.

Official Public Deed Records

- Real Property Records from 1985-1991 - Number of Books: 1856
