Subject: We Love Boo!

First, I'd like to say thank you to the staff worker who kindly insisted I meet "Boo".... now known as "Lucky". He is the coolest, sweetest, most gentle, loyal, and well behaved dog. He doesn't get on the furniture, doesn't mind getting a sun tan in the backyard and has not marked or had one accident in the house. He is perfect for our family. Based on the criteria I was looking for in a dog, your staffer did a fantastic job of matching us. And yes, he has an aversion to men..... good thing, we don't have any of those in our house LOL.

I took him to Petco and it became very clear that any adult male that came close was not welcomed :) He also loves, loves, loves my girls and even sleeps in my 12 year old daughter's room next to her bed.

I can't imagine why someone would have returned him to shelter after being adopted the first time. We would be heart broken if someone told us he had to go back! Additionally, he seems to be very happy... he loves his chew bones and still has enough puppy in him that he has lovingly snatched a stuffed animal or shoe to chew on. He has no problem with re-direction though and will drop it on command :)

Attached are a few pictures of your "Boo" in his new home.

Thanks Again,

Valeri Hall
