Subject: Collin County Animal Shelter - Positive Experience

Dear Commissioner Shaheen,

I am writing to you because of a concern I have with respect to a petition that is being publicized by No Kill Collin County to pull funding from CCAS. I do not have any knowledge of the history of the shelter nor the politics involved in its founding or upkeep. However, what I have experienced as a volunteer within the past 2 months is an amazing staff and the most dedicated, loving volunteers who all care deeply about saving the lives of innocent, lost and lonely animals that deserve a life of love and happiness, comfort and shelter. They put in an incredible amount of time and effort to help save so many lost and innocent animals, and are an amazing group of dedicated and professional workers.

I respectfully request your strong and continual support of the efforts of CCAS and their mission to rescue and place deserving animals in loving homes so that they do not have to suffer the fate of euthanasia. There is so much need to do what this shelter does, it is overwhelming to me. As an animal lover that studied Animal Science but never did anything with my bachelor's degree in the field, I am finally doing something positive through CCAS to make a difference in the lives of animals who need help. With your support and assistance, I hope to continue this endeavor far into the future.

Thank you for your consideration!

Sincerely,

Wendy Taylor

Collin County Resident and CCAS Volunteer
